

**MSP-24
MSP-230**

Fault signalization module MSP-24 and MSP 230

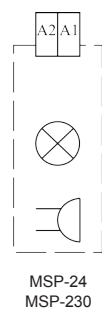

- It is designed for sound and light signalling of fault condition of surge protectors
- It is supplied in two versions:
MSP-24 for 24 V AC/DC
MSP-230 for 48 ÷ 230 V AC
- Modules can be used as a signalling unit, also in other applications, such as machinery equipment etc.

WIRING DIAGRAM

TECHNICAL PARAMETERS AND PRODUCT SPECIFICATION

TYPE		MSP-24	MSP-230
Power supply Voltage	U_N	24 V AC/DC	48 ÷ 230 V AC
Power supply current	I_N	20 mA	20 mA
Frequency	f	4,1 kHz /65 dB	4,1 kHz /65 dB
Order number		94.121	94.122
